- PL-900, PL-200, PL-300, PL-500, PL-400 & PL-600 Power Platform

LANGUAGES

- English (Proficient)
- Afrikaans (Proficient)
- Setswana (Native)

PROFILE SUMMARY

Power Platform Specialist | Building scalable low-code solutions that automate workflows and drive efficiency. Currently, I develop and integrate enterprise applications using Power Apps, Power Automate, and Power BI at Deviare. I hold Microsoft certifications (PL-900, PL-200, PL-300, PL-500, PL-400 & PL-600) and leverage a strong background in software engineering (Java, Python, AWS) to build robust, data-driven solutions. I am passionate about using technology to solve complex business problems. Open to connecting with professionals in low-code development, and digital transformation.

WORK EXPERIENCE

Deviare — June 2025 – Current
Microsoft Partner
Junior Power Platform Specialist

- Develop low-code business solutions using Power Apps (Canvas & Model-Driven) and Power Automate, reducing manual processes.
- Design interactive Power BI dashboards for real-time data insights.
- Integrate Power Platform with Azure/Dataverse for secure enterprise workflows.
- Train end-users and document solutions to drive adoption.

BMW | Pretoria, South Africa — June 2024 – April 2025
(**Java Developer Intern**

- Developed and optimised a Java-based data comparison and reporting system, significantly improving Excel report generation speed and accuracy.
- Built secure JDBC connections between source and target databases, ensuring reliable, high-integrity data retrieval for reporting.
- Deployed and managed Payara Server on AWS EC2 using Docker, creating custom container images to support scalable and consistent environments.
- Integrated AWS services (S3, Glue and Athena) with Java applications to enable efficient cloud-based data access and reporting.

Digilink | Johannesburg, South Africa — April 2024 – April 2025
(Client: BMW)
Java Developer Intern

Northridge P. School | Pretoria, South Africa — April 2023 – April 2024
ICT Support Intern
